

## REMARKS

The Examiner is respectfully requested to enter the foregoing amendment prior to examination of the above-identified patent application.

The Amendments to the specification are made to provide a more accurate reference to a document cited therein.

The amendments to the claims are made to place the application in better form and to ensure that the features recited therein are not misinterpreted as means-plus-function or steps-of/steps-for limitations.

The amendments to the claims made in this amendment have not been made to overcome the prior art, and thus, should be considered to have been made for a purpose unrelated to patentability, and no estoppel should be deemed to attach thereto.

Should there be any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,  
Sheng Mei SHEN et al.
